 9:00AM – 9:00PM CDT | 9:00AM – 3:00PM CDT

The ninth running of the "new" Kansas QSO Party is this weekend (Aug 26-27). With 14 mobiles, 4 portables, and 51 1x1 calls spelling KANSAS, QSOPARTY, SUNFLOWER and BISON (our state mammal) once again putting all 105 counties on the air, you have even more chances to earn a plaque and antique radio stamps for your certificate!

We've added a new "filtered" USA CW plaque this year to go along with our "filtered" Sunday plaque. "Filtered" means we rescore all single-op logs with any CW contacts or Sunday contacts to determine plaque winners. They aren't categories and you don't have to give up chasing those 1x1

Presented by Santa Fe Trail ARC

contacts on Saturday or on SSB in order to win the Sunday or USA CW plaques! As as in past years, just turning in a log puts you in a drawing for our Sunflower plaque. Check <http://ksqsoparty.org/> for rules, a county list, maps, mobile routes and more, then come visit Kansas for the weekend!

A big thanks to the businesses, sponsoring clubs and individuals who make the plaques and certificates possible. Please visit the Sponsors page at ksqsoparty.org/sponsors
