**Resignation as SATERN Divisional Coordinator:**

***January 9, 2012***

***At the SATERN Kansas City Metro monthly meeting last night, January 9<sup>th</sup>, I announced my resignation as SATERN Divisional Coordinator of the Kansas & Western Missouri of Emergency Disaster Services, effective immediately. Due to my health issues the past 2 years and my job wanting me to work more hours, I can no longer physically keep up with all the demands in my life. I regret having to do this, but unfortunately I have to make changes in my life and this is just one step to those changes. My goal is to have the transition to the new Coordinator completed by February 1<sup>st</sup>.***

***In December 2005 I was appointed as ARRL Kansas Radio Emergency Service (ARES) District Emergency Coordinator (DEC), liaison to The Salvation Army. So I will continue***

### **SATERN History Corner:**

#### **September 1988**

*Two months after its inception, SATERN's first international response occurs. Hurricane Gilbert batters the Caribbean for nine days, killing 341 people. Pat McPherson and Art Evans work with radio operators in Atlanta and Jamaica to relay information.*

### **The Salvation Army Founders Corner:**

*William Booth embarked upon his ministerial career in 1852, desiring to win the lost multitudes of England to Christ. He walked the streets of London to preach the gospel of Jesus Christ to the poor, the homeless, the hungry, and the destitute. Booth abandoned the conventional concept of a church and a pulpit, instead taking his message to the people. His fervor led to disagreement with church leaders in London, who preferred traditional methods. As a result, he withdrew from the church and traveled throughout England, conducting evangelistic meetings. His wife, Catherine, could accurately be called a cofounder of The Salvation Army.*
