ARRL KS SECTION EMERGENCY COORDINATOR - Bob KØBXF

From K0BXF SEC KS
June report of May activity July 6, 2009

22 ARES Zones reporting May activity for a total of 120 net sessions, 1027 QNI and 32 QTC.

Army MARS reports 498 on air hours and 260 messages originated.

RACES had 8 stations from Riley, McPherson, Linn, Mitchell, Wyandotte, Neosho and Shawnee Counties.

QCWA chapter 110 reported 5 net sessions 42 QNI and no traffic handled.

I am hearing a few new calls on our state network system. Hope those stations are also looking up their local EC and getting aquinted with another form of communication.

Field Day is over and quite successful in some cases from what I have heard. Do you have a tale or so to pass on???? Contact W0OYH, editor of the KAR and share with us all.

Congratulations to Curt Robinson KC0NVK who has accepted the EC position for 4B, Wyandotte County, KS. Put Curt in your address book cmr-nkr@sbcglobal.net.

73 for now see you later with June activity report, perhaph your call might be the next NEW EC to step forward.

Bob Summers K0BXF ARRL SEC KS

Please send to your SEC or DEC as appropriate by 2nd of the month FSD-212 (1-04)

We supported the 56 mile bicycle portion of the Ironman 70.3 Kansas Triathlon this month. We provided communications between the 3 bicycle aid stations and event organizers and also provided backup communications for the Medical unit that were out of communication range of their system in the southern part of Douglas County. We used APRS to provide the official timer and event announcer updates on the location of the last rider along the route. We identified a few problems in our organization and will make adjustments next year to provide a smoother operation and better tracking.

MONTHLY EC REPORT FOR RILEY, GEARY, AND CLAY COUNTIES

1. FROM: W0PBV - Myron A. Calhoun <W0PBV@ARRL.net>
ARES EC for Riley, Clay, and Geary Counties and
RACES RO for Riley County

2. FOR THE MONTH OF: June, 2009

3. TOTAL RACES/ARES/WARN MEMBERS: Riley: 21
Geary:  2 (including its AEC)  
Clay:   9 (including its two Co-AEC's)  
(Weather Amateur Radio Network) WARN:  17 (including its AEC)  
(Lots of overlap between Riley County's RACES/ARES and WARN groups)  

4. MEMBERSHIP INCREASE OR DECREASE SINCE LAST REPORT:  none  

5. LOCAL NET NAMES:  Manhattan Area Amateur Radio Society (MAARS) 
"Tuesday-Night Net", Friday-night "Youth Net",  
and "Sunday-Night WARN Net"  

6. FREQUENCY USED:  147.255 MHZ, with positive offset  

7. NTS LIAISON IS MAINTAINED WITH:  No other NET  
PASSED-TRAFFIC COUNT:  Unknown  

8. DAYS NETS MET:  MAARS Net:  June 2, 9, 16, 23, and 30  
Youth Net:  June 5, 12, 19, and 26  
WARN Net:  (Suspended for the summer unless bad weather is predicted)  

9. NUMBER OF SPECIAL/EMERGENCY NETS/ACTIVITIES THIS MONTH:  
On June 14, six MAARS HAMs (KB0ZGY, KC0DWX, KC0YJO, KD0AZG, N0KMU, and W0PBV) conducted "Test Exercise #2" on behalf of the Riley County Health Department (RCHD) to prove that the RCHD's FRS (Family Radio Service) radios could provide communication all over CICO (CIty-COunty) Park, Riley County's main designated vaccine-distribution site. (They worked fine; the park covers less than a hundred acres and is almost square, so the distances were minimal.)  

On June 26, the RCHD conducted its own exercise to see how fast it could simulate vaccinating 100 drive-in clients. As the RCHD's designated "Communications Unit Leader", W0PBV was present to assist the RCHD staff in using their FRS radios, and KC0KTY from the Riley County Emergency Management office was present to officially evaluate the exercise. N0KMU also participated by driving through the "vaccination" line with five different personna (person allergic to eggs, African American with sickle-cell anemia, Native American possibly exposed to Hanta Virus, Hispanic non-English speaker, and a "normal" person with no known problems!-) The after-action review was lively, to say the least!  

On June 27 & 28, numerous Manhattan-area plus several out-of-town (but formerly-from-Manhattan) HAMs conducted a successful "2A" Field Day in Manhattan's "Northeast Community Park" just a few feet above the Big Blue River. W0PBV also operated a separate "1A" station in Manhattan's Marlatt Park, one of the highest points in the area, until incoming possibly-severe weather drove him from the "Top of the World". Pardon the old cliche, but "A good time was had by all!"  

On June 30, seven WARN HAMs visited the National Weather Service Forecast Office in Topeka, KS, as part of their annual weather-spotting training.  

10. COMMENTS:
I hope everyone noticed, just above the bottom-right corner of page 73 of the July 2009 QST, that the Riley/Clay/Geary County ARES group was apparently the ONLY group in Kansas to report (or maybe even conduct?) a 2009 SET activity!

11. SIGNED BY: Myron A. Calhoun, W0PBV <W0PBV@ARRL.net>

JUNE 2009 MONTHLY ARES REPORT TO DEC & SEC

Total of ACTIVE ARES members: 129
Membership increase or decrease since last report: +0

Local Net Name: Johnson County ARES

NTS liaison is maintained with the KS SSB Net:
Lots of Field day operations in the KC area proved once again our ability to communicate with just a radio, wire & a battery.....

I have yet to have a Field day where everything went right. And that is exactly its purpose.
Practice makes perfect (or at least better) and I am proud how much time Johnson County ARES volunteers put into practicing there skills, not only at field day but also during all the public service events.

Lots more chances coming up....
ARES will also be participating in some public relations at a couple of local Emergency preparedness venues.

QCWA Chapter 211 3 sessions 14 members
(Yes there are more than one QCWA chapters in Kansas)

No traffic on any net.

Activities

CAARC did have a Filed Day station on the air.

Vacations and hot weather has slowed activity. Getting harder to get any activities going. Things just aren't working. Gotta change directions.

John, W0UHL received his 55 year and Century Club Certificates from QCWA Chapter 211.
Bob, W0WPL received his 60 year Certificate from QCWA Chapter 211.
Both certificates handed out at the June meeting.

Now have battery backup on the UHF repeater. This repeater is for use as overflow or backup to the CAARC VHF repeater.
Withing a few days of installing the battery backup. Lightning hit the repeater site ,entered on the ac power lines and took out several power supplys for the rural internet wireless system at this site. The UHF repeater remained in service until its power supply was repaired. Backup power for the CAARC VHF repeater is still in the works.

Wonder if I could get birth certificates for these things, claim them as dependents for tax purposes. There getting expensive.
No news out of Labette County. No one will step up. I know they are into Skywarn and the Parsons repeater has been on the air.

Some news is better than no news. Hope everyone had a great 4th of July.

73,
Gary WA5FLV
