West and South part of the state is short of active ham radio operators, or at least it appears that way from the number we have signed up for ARES availability to check into the state Amateur Radio network system.

Listed below are the counties by ARES Zones that are lacking an active person serving as Emergency Coordinator.

Zone 3A Decatur, Sheridan, Thomas and Logan counties.

Zone 3D Wallace, Sherman, Rawlins, Decatur counties

Zone 3E Smith and Osborne counties.  Note N0LL is reporting Smith Center activity only.

Zone 6A Gray, Haskell, Finney counties.

Zone 6B Clark, Commanche Kiowa counties.

Zone 6C Hodgeman, Pawnee, Edwards, Ford Counties.

Zone 6D Ness, Rush counties.  Our District 6 is also without any one serving as District Emergency Coordinator.

Zone 5A Newton and Sedgwick counties.

Zone 5E Barber, Pratt, Kingman counties.

Zone 5F Reno

Zone 5H Rice

How about each one of you reading this report and living in any of the above mentioned Zones/counties drop me a line reference the amount of activity in each county (within your Zone) as you know of it.  Somewhere out there, some of you could be our point of contact for emergency communications.

The Tornado season is upon us and we do not want to be caught short when it comes to Ham Radio representation after disaster hits.
January activity showed -120 net sessions with 1101 QNI and 21 QTC. RACES net operation 1 net 1 QNI. Very bad band condx this month.

Army MARS had 579 man hours of operation. 1101 messages originated. N0LL reported QCWA Kansas Chapter 110 with 5 net sessions and no QNI No Traffic handled.

Read the 'KAR' carefully, check the Kansas ARRL web page news, take a look at the ARES map---- Check into the state network system. Let us put Kansas back on the map as a very active state for Ham Radio.

Old man winter just won't let go, but the activities of spring, and opportunities for promoting ham radio are just around the corner!

JOCO ARES kicks off the spring time fun with our Night Time SAR Drill March 9, 2009. The search returns to Prairie center this year, where teams of hams will gather to test their preparedness in a wonderful outdoor venue. Urgency, communications, and new skills combine to make this one of the most fun and popular event of the JOCO ARES calendar.

During severe weather awareness week March 9-13, JOCO ARES and ECS will promote amateur radio capabilities at several price chopper stores in the county, while helping to program weather radios for customers who take advantage of the PCA discount. (http://www.preparemetrokc.org/Be_Prepared/radio.asp)

For World Amateur Radio Day on April 18, 2009, JOCO ARES will partner with hams across the metro to demonstrate the capabilities of ham radio to media, the public, and new hams at the Ararat Hambash. Live demonstrations of HF SSB, psk31, APRS, morse code, ATV, SSTV, Echolink & IRLP, DSTAR, winlink and many others will be given every 15 minutes throughout the morning.

JOCO ARES will also sponsor a Youth Lounge at the hambash, where young hams and non-hams can gather to build kits, participate in contests, or just relax.

Spring is a great time to be an active ham in Johnson County!

de Brian, KC0BS
