Hi Gang, Bob Summers KØBXF is still on the mend. Those of you who send reports to him are asked to send them to Ron our SM until you hear differently. Don’t forget to CC me a copy for KAR.

Today my speedometer rolled over one more time to 77. Yep, I was born on 11-12-1931.

June Jeffers KBØWEQ says she is taking some time off from her S.A.T.E.R.N. duties to catch up on some personal things and so her column will be missing from KAR.

I have nothing to report on how Kansas did in the “National SET”, it is a little early. Some groups don’t participate in the National and hold their own “Local SET.” I will try to pass along the results as they come in.

I just went to the ARRL home page and found I am out of date, “W1AW to Participate in Global Simulated Emergency Test.” National?? No it is “Global” SET? That is going to be a tough one to do cuz there are not many doing the National SET. Take a look>>> http://www.arrl.org/?artid=8582

Just spoke with NØKFS and we decided to move the SSB net up to 5:30 beginning Thursday nite for the duration. Ron

W1AW Operating schedule.>>> http://www.arrl.org/w1aw.html

2008 ARRL Field Day Results Now Online (Oct 29, 2008) -- The results from this year's Field Day are now available online. "The addition of the online ARRL Field Day Locator site was a huge success, as more than 1500 sites were listed in this first year of use," said ARRL Field Day Manager Dan Henderson, N1ND. "When you scan the Online Soapbox, Field Day continues to be the most popular on-the-air event in Amateur Radio." You can find the results in the Members Only section of the ARRL Web site. http://www.arrl.org/members-only/contests/results/2008/FD/

On this one, go to page 3 and scroll down half way to see our SM Ron operating the Wichita clubs stn.
Go to page 9 for the highest point in Ks, with KØS.

ARRL KS SECTION EMERGENCY COORDINATOR - Bob K0BXF

Bob is still recuperating from surgery. Please send any report for him to Ron KB0DTI@ARRL.ORG
Congratulations to Duncan, KU0DM, on his appointment as the ARRL's Youth Editor. Duncan has already posted his first article to the ARRL site at <http://www.arrl.org/news/features/2008/10/25/10403/>. Be sure to watch the ARRL site for upcoming articles. Great job, Duncan!

By now, everyone should be aware of the JHOK net in eastern Kansas. Any other youth nets here in the state?

It was sad to see the news about cancellation of the St. Joe hamfest this weekend. It and the Hambash were two of the first I attended. Will there be any hamfests left when my kids become hams? I sure hope so. Take your kids and grandkids to the next one.

Thanks to those who responded to my call for help getting material together for an article about youth in Kansas. There's still room for more! I'm looking for information from the central and western areas of Kansas. Please see the OCT KAR for details. Any information needs to be sent by this coming Monday (Nov. 17), as the submission deadline looms.

As always, hope to hear from you about your activities.

73,

Emily, KC0PTL
Well the HF bands were very long this Thursday night. Stan and I were the only ones that could make contact. Bruce was listening for us but was not able to hear anything. Hoping the bands treat us better next month. We may have to change our time or frequency until conditions improve. We will see.

Word from the State about an HF antenna for communications. Jason Moses, the State sponsor representative, tells me that the State and him are working on a new communication plan both for the State and RACES. Hope to hear more later. Maybe this will allow a complete redo of the State RACES plan as it is needed.

Again, I want to thank all those that do check into the RACES net. The Kansas RACES Net meets every month on the first Thursday at 7:00 pm 3940 KHz. All stations are welcome.

AROUND THE STATE:

Good morning, Orlan! You may post the following information in your next edition of the KAR newsletter: We wanted to let everyone know that we have included a Traders Net portion in conjunction with our regularly scheduled 715 Net each Wednesday evening on our Fort Scott repeater. Items may be listed for selling, buying, trading, or swapping, along with the operator's telephone no., email address, postal address, or other means, so that others may inquire about these items without congesting the net with unnecessary time. Please limit your items to a minimum amount and be careful not to list prices on the air. (Refer to Part 97.113 for the rules & regulations concerning this issue).

Also, we plan on moving our net time up to 7:15 pm, starting on Wed., November 5th, due to daylight savings time. Thanks!

TRADERS NET - Buy * Sell * Trade * Swap
Wed. evening at 8 pm on the 715 Net

Butler County ARES is working on slow scan technology to send pictures to Butler County EOC and Butler County Communications. Butler County Communications is working on getting the equipment to receive and project these images on screens in the communications center. Butler County ARES will be the one in the field sending these images to them. We are going to start working on this project later this month or early next month. If you are interested in this let me know so I can contact you as to when we will be doing this. We plan on doing this in Augusta over simplex while we are working out the bugs and learning how this works.

After we get the slow scan under our belts we will work on packet technology.

We talked about activation plans last night also. Any one in the Augusta area Danny will contact. Anyone outside that area I will contact. If you think something is happening listen to 147.150 and we will let you know.

SILENT KEYS:
Francis "Eileen" Goddard, 91, passed on this morning in Dodge City. Her call was K0TBU

DODGE CITY Eileen Goddard, 91, died Thursday, October 16, 2008 at Presbyterian Manor of the Plains at Dodge City. She was born on May 8, 1917 at St. Joseph, Missouri the daughter of William F. and Lettie Lee (Fine) Wade. She grew up in Dodge City and graduated from Dodge City High School. Eileen loved swimming and was a lifeguard for the city pool and played first chair violin for the Dodge City Symphony and enjoyed duck hunting with her father. On July 5, 1940 she married J. Francis Goddard in Garden City and they recently celebrated their 68th anniversary. Before and after their marriage she worked for A.T.& T. After their marriage they farmed near Ingalls where they raised three children. Eileen and her husband helped establish the Ingalls Federated Church of Ingalls. She was a voracious reader keeping up with all the political, national and world events as well as her Bible and church and was very artistic and a pilot.

She was a member of First United Methodist Church of Dodge City, Cimarron Chapter of P.E.O., the Cimarron Chapter of Order Of The Eastern Star, the Democratic Party, Flying Farmers and the Avion Travel Club. Survivors include her husband J. Francis Goddard of Dodge City; two sons, Jerry Goddard and wife Michelle of Acworth, Georgia and Michael Goddard and wife Linda of Howard, Colorado and a daughter Rev. Nancy Eileen Goddard of Sterling. She is also survived by 13 grandchildren and 7 great grandchildren. She was preceded in death by her parents and two sisters.

Funeral service will be held at First United Methodist Church of Dodge City on Monday, October 20, 2008 at 2:00 PM with Rev. Adelia Hooley presiding. Inurnment will follow at Maple Grove Cemetery in Dodge City. Visitation will be at Swaim Funeral Home on Saturday, October 18, 2008 from 12:00 PM to 6:00 PM. with family receiving friends from 4 PM to 6 PM. Memorials can be made to First United Methodist Church of Dodge City, First United Methodist Church of Sterling, Presbyterian Manor Of The Plains or to Ingalls Federated Church of Ingalls all in care of the funeral home.

Thanks
Doyle Mayse, Larned KB0QLG

OTIS - James L. Funk, 58, died Oct. 17, 2008, at his home, Otis. He was born Sept. 13, 1950. On June 14, 1980, he married Donna Sommers. She survives. Other survivors include: two sons, Donald Sommers and wife Sandy, Great Bend, and Phillip Funk, Hays; a daughter, Jamie Jacobsen, Great Bend; his mother, Emma Funk, La Crosse; and three grandchildren, Danielle, Amelia, and Greg. Funeral 10:30 a.m. Tuesday at Trinity Lutheran Church, Otis. Visitation 9 a.m. to 8 p.m. Monday at Nicholson-Ricke Funeral Home, Hoisington, with the family present 6 to 8 p.m. Private family inurnment will be at a later date. Memorials to the Kidney Foundation, or Trinity Lutheran Church.

Ludwig J. Hedstrom, 77, of Kansas City, Kan., died Saturday, October 25, 2008. Memorial services will be 2 p.m. December 13, 2008, at Prince of Peace Lutheran Church, 8170 Parallel, Kansas City, KS 66112. Memorial contributions are suggested to the Alzheimer's Association, Heart of America Chapter, Prairie Village, Kan., or to the church. Lud was born November 29, 1930, in Kansas City, Mo., to Ludvig and Irene Hedstrom, and had been a lifelong Wyandotte County resident. He was a veteran of the Korean conflict, serving in the United States Navy. Lud was the Director of Plant Operations for St. John's Hospital in Leavenworth, Kan., and Research Hospital for 24 years. He was a member of Prince of Peace Lutheran Church, council member of the Boy Scouts of America Troop 47 Stony Point, and Amateur Radio Operator WA0BJN. Lud was preceded in death by his sister, Betty Gene Everett, and a son, Eric Hedstrom. He is survived by his wife of 56 years, Elise Hedstrom; daughter Gretchen and husband Randy Norland, Galva, Kan.; three grandchildren: Claire, Rachel, and Daniel Norland; and a daughter-in-law, Robin Hedstrom, Ft. Worth, Texas. Condolences may be expressed online at www.porterfuneralhome.com. Arrangements: Porter Funeral Home & Crematory, 1835 Minnesota Ave., Kansas City, Kan., (913) 621-6400.

**John M. Draskovich Jr. - WA0GOI**

Mr. John M. Draskovich, Jr., 75, passed away Sunday, November 2, 2008
at Olathe Medical Center. The Funeral Mass will be 10 a.m., Thursday,
November 6, at St. John the Baptist Church on Strawberry Hill in
Kansas City, KS. Entombment in Holy Redeemer Mausoleum in Gate of
Heaven Cemetery. Visitation will be 5-7 p.m., Wednesday, at the
Skradski Funeral Home, 340 N. 6th St., KC, KS. John was born March 5,
1933 to John M. & Rose K. (Roper) Draskovich in Kansas City, KS. He
was employed as a salesman and retired in 1994. He was a former member
of St. John's church for 37 years until moving to Gardner, KS, where
he attended Sacred Heart Church. John was a member of St. John's
Catholic Club, serving as president for two terms, PTO president for 2
years, and was a CYO Girls Basketball coach for over 12 years, was a
Ham Radio Operator-WAØGOI, and an avid fisherman. He is survived by
his wife of 55 years, Kathleen Draskovich of the home; three
daughters: Debbie Hickman, Denise Bullock (Chuck), and Doreen Pesek,
and four wonderful grandchildren; Rachelle Moody, Boyd Price, Hannah
Bullock, and Seth Pesek. John's family wishes to extend a special
thanks to the doctors and nursing staff at Olathe Medical Center. The
kindness and caring shown toward our father will always be remembered.
Memorial contributions may be made to Sacred Heart Parish Center Bldg.
Fund in Gardner, KS. Arrangements: Skradski Funeral Home, Kansas City,

Be sure to keep your Section Manager informed of any silent keys in Kansas so he can get
them published in the QST. Please CC me while you are at it for the KAR newsletter.

**KANSAS STATE ARRL CONVENTION:**

**AUGUST 21  2009**

One Sunday morning, the pastor noticed little Alex standing in the foyer of the church staring up at a large plaque. It was covered with names with small American flags mounted on either side of it.

The seven year old had been staring at the plaque for some time, so the pastor walked up, stood beside the little boy, and said quietly, "Good morning Alex."

"Good morning Pastor, what is this?" he asked the pastor.

The pastor said, "Well, son, it's a memorial plaque to all the young men and women who died in the Service."

Soberly, they just stood together, staring at the large plaque.

Finally, little Alex's voice, barely audible and trembling with fear, asked, "Which service, the 8:30 or the 10:45?"

---

Only in America.....do drugstores make the sick walk all the way to the back of the store to get their prescriptions while healthy people can buy cigarettes at the front.

Only in America...do people order double cheeseburgers, large fries, and a diet coke.

Only in America.....do banks leave both doors open and then chain the pens to the counters.

Only in America...do we leave cars worth thousands of dollars in the driveway and put our useless junk in the garage.

Bob, a handsome dude, walked into a sports bar around 9:58 PM. He sat down next to a blonde at the bar and stared up at the TV. The 10:00 PM news was coming on. The news crew was covering a story of a man on a ledge of a large building preparing to jump. The blonde looked at Bob and said, do you think he'll jump? Bob says, You know, I bet he'll jump. The blonde replied, Well, I bet he won't. Bob placed a $20 bill on the bar and said, you're on! Just as the blonde placed her money on the bar, the guy on the ledge did a swan dive off the building, falling to his death. The blonde was very upset, but willingly handed her $20 to Bob, saying,'Fair's fair. Here's your money.' Bob replied, I can't take your money, I saw this earlier on the 5 PM news and so I knew he would jump. The blond replied, I did too; but I didn't think he'd do it again. Bob took the money...
REPLACEMENT WINDOWS

Last year I replaced all the windows in my house with that expensive double-pane energy efficient kind, and today, I got a call from the contractor who installed them. He was complaining that the work had been completed a whole year ago and I still hadn't paid for them.

Hellloooo............just because I'm blonde doesn't mean that I am automatically stupid. So, I told him just what his fast talking sales guy had told me last year, that in ONE YEAR these windows would pay for themselves!

Helllooooo? It's been a year! I told him. There was only silence at the other end of the line, so I finally just hung up. He never called back. Guess I won that stupid argument. I bet he felt like an idiot.

Jerry in Miami, FL

**When told the reason for daylight savings time** the old indian said....
"Only a white man would believe that you could cut a foot off the top of a blanket and sew it to the bottom of a blanket and have a longer blanket"

```
Allow me to repeat myself when I say ham radio operators are “COMMUNICATORS” and are able to cause people hundreds of miles away to think the exact same thoughts of another person. It is called 3rd party traffic.
```

**OUTSTANDING issue, OM!**

Larry w0aib of the “LL”

**The November 2008 Grounded Grid** is on-line and November has been added to the web site:

And as always you can get the back issues at

Good morning Orlan, Steve Ewald and one of our club members manned the radios at W1AW on 40 meters for about 5 hours on Saturday. I dropped in for a time and put 20 meters on the air for about an hour and half. I heard one KS station on with scouts talking but they were already in contact. Later I talked to a Shawnee station that had scouts visiting off and on but none were at his station at the time of our QSO. I had QSOs with a number of other stations as I tuned for more JOTA stations.

We had our first frost this morning, brrrr. The leaves are a bit past their prime now, but still colorful.

Chuck, KØBOG  TU Chuck for all the HQ news and UR activities there.

I finally got some pictures from the International Space Station this AM. One is pretty good, the other three not so good. I just left my transceiver and computer on, running MMSSTV program, and when I got up, this is what I had received. Two pictures each from two separate passes. The picture has the date and the received time in UTC/Zulu. What a pleasure to be able to do this. I'm one Happy Camper!

Les KCØPTO  I will FWD the photos to who ever asks…….UR ed  w0oyh@arrl.net

Have you ever seen this:  http://www.ominous-valve.com/ba-mfrs.html

Allen Pitts, W1AGP, Media and PR manager for ARRL, sent this:

<http://www.youtube.com/watch?v=xrbXI6_ZL2w>  (Tarrant County, TX, Skywarn promotion.)

Remember that December 6 is the Skywarn Recognition Day. This is a good chance to promote both ham radio and also how hams aid their communities and the country. See:

<http://www.crh.noaa.gov/hamradio/>  From “LL”

I remembered that Richard and I gutted a junker valiant and low and behold there was a shaft coupler in there. let tom know....or I can...73...ZNY

cool - actually, it's the part in the back that broke (the insulated shaft-coupler that's 3/16" ID on one end, and 1/4" ID on the other (connects the VFO dial to the VFO tuning cap.))
Unsure if I ever sent you this before, but it's a great source of REAL (genuine) parts for boatanchor receivers, transceivers, and transmitters. (of course, we won't bring up the fact that he's DESTROYED some classic equipment to bring you these pieces.

Shortcut to: http://tubes_tubes_tubes.tripod.com/

BRING IT ON!

It's fairly chilly here tonight, with possible rain/snow mix tomorrow evening..... definate snow forecast for the mountains, although VAIL today was in the 70's and sunny, while we were overcast and in the high-40's all day.

Gotta' pull the snow-tires out for the Toyota PU, next week..... hahahahahaa (insert hysterical laughter here)

Tom

THEY’VE BOUGHT UP MOST OF THE TUBE MANUFACTURERS IN THE US, AND ABROAD.

Westrex Corporation Chooses Chattanooga For $12.4 million
>> http://www.chattanoogan.com/articles/article_95200.asp

Some time back, I stumbled across THIS "boatanchor" site and noticed that the owner was using the B-A logo as the symbol for "Boatanchors" - after a few months, I felt compelled to share with
him, the REAL meaning of the "BA" and the "1927" date. He didn't get all of the facts correct in his explanation, but got enough are correct that I feel better, as I hope, all former employees of this FAMOUS electronics company do.

Thought you'd all like to know the REAL story of the logo that stood on the North-facing side of the old building at 1012 McGee in Kansas City for so many years, including SEVERAL, long after the company had disappeared. Now, it's a multi-tiered parking lot... a pity.

A short story written for KEZW radio - Denver...

A Halloween story for the listeners:

Waaay back in 1951, the family had just moved to a newer (bigger) farm, North of a little farm-town called Rossville, Kansas. It was Halloween, and being an only-child, I had no playmates out there, other than when I was in school, 5 miles away.

Halloween night came, and I was very disappointed, as there WEREN'T any other houses around, to go trick-or-treating. My Mom must have seen my grumbling, sullen face... so she got a small quilt, placed it about my shoulders, walked me around to the FRONT of the house (nobody on a farm ever seems to use the FRONT door), and rang the (mechanical) doorbell. My Grandmother answered the door, and feigned extreme surprise at the strangely appearing urchin on her porch - whereupon I was given a handfull of left-over Christmas candy (the stuff that's HARD as a rock).

At the time, it didn't seem like much of a trick-or-treating experience, but..... Mama told me "You'll NEVER forget THIS Halloween"

Many years have come and gone since then; the farm was sold last year (tore my heart out). The new folks ripped the house down and planted a "ready-made" one in it's place; other than the out-buildings, it's all gone now, but...

Mama was right - of ALL the Halloweens, that's the one I remember with greatest fondness.

Tom

**THIS is the place to find out what's happening with sunspots** - we may FINALLY be getting some, again. Shortcut to: http://spaceweather.com/

Tom

**If any of you out there have a Johnson "Valiant" or "500" transmitter that you'd like to make look better than new, this is the guy to contact.**

Chuck  K1TLI
508-965-7400

For only $75.00, he takes the front panel of the rig (that you send to him), strips it of all old paint, reprimes, paints with ORIGINAL colors, then re-silkscreens the appropriate Johnson panel markings with a VERY ACCURATE silkscreen pattern, that absolutely duplicates the original. After a bit of curing, the panel then receives a Kleer-Kote treatment (like your car gets), and it's sent back. In addition, he repaints the VFO bezel, replaces the rubber, and cleans up the lamp jewels*.

It comes back with instructions for refitting, as aligning the VFO shaft gearbox and assembly is often done incorrectly, and his method makes sense. He also has come up with a swell method for
overhauling those pesky shaft couplers that have 1/4" ID on one end, and 3/16" ID on the other... that break the insulating cambric, after all those years of being "cooked".

No, I don't make a commission.

Tom Dailey - WØEAJ - Denver

**Wow!**

**I just got back the refinished front panel** for my Johnson Viking Valiant, and it's an eye-blinder. Lordy, is it pretty. Done by Chuck Hurley - W1TLI, the "treatment" consists of shipping him your panel (complete with VFO bezel & dial), then he disassembles it all, removes all paint, resurfaces then primes, paints with ORIGINAL SHADES of Johnson paint(s), but the best part comes with the silkscreen treatment - it is so original, in comparing my existing Valiant with this new one, one cannot determine any difference in letter shape, size, font, or colour. The appearance is spot on.

Then, after curing the paint, they KleerKote it all, to preserve the surface and give it an outer layer that resists dirt, grime, and scratches. He also has figured out a good way to rebuild the insulated VFO shaft-couplers, as these have a 1/4" ID hole in one side, but a 3/16" ID hole in the other! i.e. very difficult to find. The insulating cambric between the metal ends is very prone to being "cooked" and turns brittle to the point that breakage is more the rule, than the exception.

Oh, and he did this all for $75.00 - return shipping included.

So kids, if you want your Viking Valiant or Viking 500's front panel and bezel to look BRAND NEW, without that "reblued" look (not sure if he does Rangers or not), get an Email off to:

Chuck Hurley  
W1TLI   (good in QRZ)

(508) 965-7400
-or-
scorebrd@horizon.net

PS - I'd send pictures, but they wouldn't do the job justice.
