Orlan - can you send a KAR special?

Interested in PRB-1 style antenna protection/accommodation at the homeowner association/CC&R level? For yourself, and/or your ham friends? ARRL has been putting this out. I've modified it for our state as Jerry Moran is our senator on the Commerce, Science, Transport committee. A web email is the easiest way to do this:

http://www.moran.senate.gov/public/index.cfm/e-mail-jerry

Simply urge him to support S 1685 at the committee hearing and on the Senate floor, or go into more detail. If you need ideas on wording, email me and I'll send you what I did.... but I recommend you personalize and tailor yours.

◆ URGENT: CALL TO ACTION! The Amateur Radio Parity Act bill in the Senate, S 1685, could be scheduled for a mark-up in the Senate Committee on Commerce, Science, and Transportation as early as next week. Opponents to the Parity Act have asked their members to call the Senators on the Committee and express their disapproval of the bill. Their messages include the same negative tactics and lies about the Parity Act that ARRL addressed in our recent YouTube video, "The Amateur Radio Parity Act: Separating Fact from Fiction."

Kansas' Senator Jerry Moran is on this Committee. We are asking each and every one of you to contact him TODAY and urge him to support the Amateur Radio Parity Act. This simply cannot wait until later; calls from the opposition are already coming into these Senators. We need you to act NOW.

Follow the link below for complete information on this development and a list of specific ways to help. Please share this with as many Amateurs that you can, making sure you copy this text in when you share.

Now is the time to let your voice be heard. Thank you.

◆ Orlan - it needs to be updated. It got reported favorably out of the Commerce committee, and Sen. Moran is now a cosponsor! Two negative votes in committee.

The language in both House and Senate bills is identical. Imagine that :-) So we'll hope for positive action.

It'd be good for hams - especially those who wrote requesting his support - to thank Sen. Jerry Moran for his cosponsorship.

73 Bruce

◆ Kansas ARRL Members,

Your efforts in gathering support for Senate Bill S. 1685, The Amateur Radio Parity Act, have paid off.
Senator Jerry Moran has now signed on as co-sponsor of the bill. This good news is especially important as he is on the committee that will consider the bill TODAY.

So please, without delay, contact the Senator's office ASAP by telephone or email and express your gratitude.

His telephone number is: (202) 224-6521

To send email to Senator Moran, go to this web site:

http://www.moran.senate.gov/public

and click on "Email Senator Moran" on the left under "Action Center"

Thank-You and 73's,
Rod Blocksome, K0DAS
