Orlan - I'd put this out right away, as it appeared on the Hallicrafters Reflector, and may not last long.

Anybody out there have a replacement VFO shaft-coupling for a Johnson Valiant? This is the one with 2 different shaft sizes on opposite ends, separated by an insulated wafer.

Please pass along the request to others, if you don't have one.

There are so many Ham radio activities in October, its hard to take time to write about them!
Keep your eye on Larry's list, as it is a great way to merge your personal schedule with the Ham calendar.
JOCO ARES spent September actively preparing for the November metrowide SET. This years work with
the hospitals for the drill, and the recent ham equipment acquisitions by the hospitals are keeping a lot of us
busy to ensure the radios will be ready to test by November 1st.
Hard to believe the AMAZING milestones we have surpassed to make this regions Hospitals the most well
equipped and engaged with ham radio anywhere in the country! 59 Hospitals in this area have equipment and
ham radio captains that will help ensure they have the manpower when disaster strikes.
Lots of good operating activities coming up, and don't forget the JCRAC Auction & Campout at Ensor on
Oct 25 & 26th.

ICS 200 this course is a little more elevated in the procedures and how the system works to branch management teams, this gets into the ICS forms and such.

On 7 Sept there were 5 hams from Leavenworth county/PKARC that participated in the St. Joseph Race to Missouri bicycle race (there were a total of 8 communicators involved); on 14 September there 5 of us who supported the Bikers for Babies motorcycle event, and on 27 Sept KF4LM, KD0DJR and KC0VRN supported the Leavenworth bicycle criterium in downtown Leavenworth. The Leavenworth police were under a sort of radio silence that was imposed due to an on-going suicide/family emergency/threat event during the time of the race, and as such were very appreciative of our being present.
