The Salvation Army

S.A.T.E.R.N

KANSAS & WESTERN MISSOURI DIVISION

JULY 2016

The Hospital Hill Run, Kansas City, Missouri June 4th
Two thousand, two hundred and eighty-seven runners participated in a charity event for the UMKC School of Medicine.

Evidence of the intensity and support of the community people serving one another included some Salvation Army Divisional SATERN members John Capra KDØEVM, and Mike Asselta KDØCDQ.
Less we forget a few superheroes.

Tour De Cure, Wheels to Weston, Missouri, June 5th

The happy faces say it all!
We serve the community, and gain in equal measure. The communications and logistics training are immeasurable. The support of our community is above and beyond. Merely knowing that we are there adds that fellowship of sharing that word cannot express.
Brian Short KSØBS & Ryan O’Neil KDOEWB(not pictured) performed Net Control (left);
An outstanding bans entertained hundreds of bicyclists as they enjoyed a hardy after ride lunch (right). John Capra KDØEVM & Mike Asselta KDØCDQ , not pictured, were SAG.
SATERN / ARES June 13th meeting at the Olathe Corps:

ARES EC (Emergency Coordinator) and SATERN member Brian Short, KCØBS, standing in red shirt, and SATERN Kansas City Metro Coordinator Jim Alexander, KIØCT, standing in blue shirt.

Jim Alexander showing the group a picture of a large antenna system in Japan where he had been stationed when in the military. Jim also showed a picture of a building that had been built on springs in an attempt to prevent damage during earthquakes.

Harold “Van” Daveer, KØHCV, standing near a support column in the red shirt making a presentation on the Fusion Digital/Conventional Repeater Operating System. Also seen from left to right are Del Sawyer, KØDDS; Charissa Dunham, KB4BML; Neil Dunham, KA8MMI; Bill Brinker, WAØCBW; Brian Short, KCØBS; “Van,” and Jay Burgherr, NØFB.
“Van” demonstrated how Fusion worked and he had a number of slides which he projected on a screen so that the audience could get a better understanding of the capabilities of Fusion.

The SATERN Communications Vehicle Gets Some TLC

The summer months bring public service events and the chance for deployment to disaster scenes. Both require the SATERN Communications Vehicle (CV 105) to be in “tip top
shape.” Here SATERN Divisional Coordinator Rich Britain, NØENO, is5 in a photo taken by Deb Abner, Assistant Divisional Director of Emergency Disaster Service. shown checking power out from one of the HF radios on board CV 10.

**ARRL Field Day June 25th & 26th**

*The Kansas & Western Missouri Communication Vehicle shines before the HAM & the Shawnee Mission Park community. Note the antenna mast supported by the front wheel.*
Outreach to the community and professional equipment impresses the Field Day endeavor.
